

SPECIALTY VEHICLE RESTRAINTS

SIDE-BY-SIDE UTILITY VEHICLES

SHIELD ™
Trusted. Everywhere.

SAFETY AND SATISFACTION GO HAND IN HAND.

Just like you, SHIELD cares deeply about the safety of your customers. That's why all of the more than 15 million restraints we make each year are rigorously engineered for outstanding reliability.

SHIELD is proud to be the industry leader in field- and customer-tested occupant safety systems for recreational, sport, and side by side utility vehicles. From introducing the first three-point restraints to creating the first harsh-environment retractor, our knowledge of your unique needs runs deep. And, as the UTV market evolves, SHIELD will continue to provide additional layers of safety and comfort while enhancing the rider experience.

PUT OUR EXPERTISE TO WORK FOR YOU — AND YOUR CUSTOMERS.

Our global team of expert designers and engineers is ready to provide you with a custom solution that exceeds your expectations for performance, value and service. Contact your regional SHIELD office or visit trustshield.com today.

SHIELD products enhance protection, while providing optimum in-vehicle performance and comfort.

The Right Solutions

Our wide range of multi-point seat belts are designed to perform on rough terrain and in harsh environments. Features and options include:

Innovative harsh-environment retractors

Rugged dirt-clearing buckles

Patented fast-egress/ingress, 5-point lift-lever buckles

Anti-cinch comfort devices

ROHVA-compliant side protection, headache and cargo nets

TRUST. It's what we earn every day by combining practical innovation with exceptional performance and value. The world's top vehicle manufacturers, seating providers and aftermarket distributors all trust SHIELD for specialty vehicle restraints.

Harsh-Environment Emergency-Locking Retractors

Designed for all-weather performance in dust, sand and mud

Performance-tuned to maximize rider comfort and safety, while minimizing off-road nuisance locking

Mono- and dual-sensitive configurations

Modular, customizable frames for a wider range of mounting and stowage options

High-visibility webbing colors and patterns

Extensive array of enclosure options

“All Terrain System” Buckles

Proven performance in harsh environments

Designed for use with gloved hands

Variety of mounting options — cable, web, metal strap, or LCR strap — for heavy-duty applications

Available with mechanical or sealed magnetic, non-contacting switches

Anti-cinching options for maximized ride comfort

Dual Mode Tongue

Best-in-class adjustability with SAE J386 compliance

Free falling until engaged with the buckle

Locks when rider cinches belt, adjusts with lower force than conventional tongues

Adjustability not affected by exposure to the elements

Unlocks easily to accommodate different riders

Over-Molded Pillar Loops

Low-friction designs
Superior corrosion resistance

Decorative bolt caps available

Lift-Lever Multi-Point Harness

Patented lift-lever release for fast ingress/egress in 4-, 5- or H-type harnesses

Available with mechanical or sealed magnetic switches

Side Protection, “Headache” and Cargo Nets

Customized for showroom appeal

Designed to meet ROHVA protection recommendations

Patented latching systems operate with one hand for quick convenience

Innovative stowage options

Made from industry-leading materials that stand up to sun and environmental extremes

MAYFLOWER HARSH ENVIRONMENT ELR RETRACTOR

LIFT LEVER MULTI POINT HARNESS

3 POINT HARSH ENVIRONMENT SEAT BELT
